

OUTDOOR SEATING DECK / THE CLIFFS

13 CLIFFS PRESERVE

Your Patagonia wilderness experience continues at the recently opened **Cliffs Preserve**, 8,000 acres of forests bordering six miles of pristine coastline. Home-sweet-home for your stay is one of six **Ocean Front Grand Villas** (two- or four-bedroom suites for \$1,275 per person per night) perched on cliffs that overlook the sandy bay and crashing surf. If whales eluded you on the Nomad excursion, a speed-boat outing provides another chance to spy spouts in the distance. Back on dry land take a tour with Chef Pablo Galvez of the extensive organic gardens, the greens and vegetables you pick along the way will be served at dinner.
